

Resource Updates

The upcoming Fathers, Families, and Communities conference being held in Tulsa on May 1st-May 3rd aligns greatly with the work of many of our CHIOs as they are addressing child and family health. CSC and the Family Health Coalition have put this conference together and have included a National Fatherhood Practitioner Certificate Training to support the formalization of organization's work with fathers.

As a result of generous sponsorship, this once paid conference is now open to attendees for NO CHARGE. This includes the May 1st National Fatherhood Practitioner Certificate Training offered by Fathers and Families Coalition of America. Also, includes free Social Work and LPC CEUs for those in attendance.
